Corpell's offers a variety of payment options to suit you!!

**Pre-authorized Payment  
 Internet/Telephone Banking  
 Cheque/cash**

**Why choose Pre-authorized Payment?**

Pre-authorized payments allow you to pay your bill automatically from your bank account on the 15th of the month. This is especially useful for customers with regular monthly consumption.

**Why choose Internet/Telephone Banking?**

Utilizing Internet or Telephone Banking allows you to pay your bill from the convenience of your home or office through your Financial Institution's Internet or Telephone Banking Services. You can match your bill payment to your paycheque or pay immediately and have the peace of mind to know that it is done. This option is currently available to all Credit Union members in Manitoba and a few other Financial Institutions.

If your Financial Institution is not able to add Corpell's under the bill payment option, then you can still pay through the Internet or Telephone using a company called Telpay. Visit their website for more details at: [www.telpay.com](http://www.telpay.com).

**Is there a fee for any of these payment options?**

Corpell's does not charge for any of these payment options. You will incur your regular charge through your Financial Institution. Usually the cost of a preauthorized, internet or telephone banking debit is less than a cheque. Contact your Financial Institution for more information.

(Please note that if your payment request is returned for Non-sufficient funds, the fee of \$25 is the same regardless of the payment option chosen)
